The Greatest Love of All

I believe the children are our future.
Teach them well and let them lead the way.
Show them all the beauty they possess inside.
Give them a sense of pride, to make it easier.
Let the children's laughter, remind us how we used to be.

Everybodys searching for a hero.
People need someone to look up to.
I never found anyone to fulfill my need.
A lonely place to be, so I learned to depend on me.

I decided long ago never to walk in anyones shadow.
If I fail, If I succeed, at least I'll live as I believe.
No matter what they take from me, they can't take away my dignity.

Because the greatest love of all is happening to me.
I found the greatest love of all inside of me.
The greatest love of all is easy to achieve.
Longing to love yourself is the greatest love of all.

FACULTY

The Class Of 1985 Dedicates This Yearbook To A Man Who Believes Children Are The Future

Mr. Frank Miller, Principal

We the class of 1985, wish to express our appreciation for the service, devotion, and untiring helpfulness of Mr. Frank Miller. We dedicate the 1985 yearbook to you, Mr. Miller.

Mr. Miller joined the faculty of Camden County Vocational Technical School in 1968, as our principal. Mr. Miller has received his Bachelor of Science and a Masters Degree from Rutgers University.

In this age when so few people seem to truly care, it is indeed gratifying to be acquainted with a man, who is willing to give so much of his time and energy to our students.

The class of 1985 is prod to dedicate this yearbook to an extremely intelligent and highly respected man. ***Mr. Frank D. Miller we Thank You!!***

R. Saunders Haldeman
Superintendent

MEMBERS OF THE CLASS OF 1985

The education and training you have received during these past years at CCVTS can be used as the foundation on which you can build a life of success and happiness. However, success and happiness do not come to people by chance and they do not remain constant. It takes individual effort and commitment, sometimes in the face of considerable adversity, to bring them about and maintain them.

My challenge to you as a member of the Class of '85 is to expand the skills, education and knowledge you have during the years ahead, and become a successful and happy person so that you can contribute to the success and happiness of those people who are and will be important to you in your life.

Congratulations and best wishes!

A Message To The Class Of 1985

Janice Plane - Treasurer.

Always and forever we will have the memories of Camden County Vocational and Technical School to treasure. As we travel the mainstream of society, we have our training at CCVTS to help make our journey an easier one. Even those of us less gifted than others have some happy memories and valuable training from their time here.

These memories of the time we had and shared will last in our minds forever.
